Dear Dr. Quintanilha:

Many thanks for the reprint of your paper on "Le Problème de la Sexualité chez les Champignons" which reached me a few days ago. I have not had time to read it carefully but in glancing it over it seems to me that you have made a worthy contribution to dedicate to the memory of Hans Kniep. I am especially glad to have this for my files because otherwise your work would be almost inaccessible to me.

I am sending under separate cover reprints of my own publications that are still available.

Yours very truly,

Leva B. Walker
