

EAMONT LODGE
DOWANHILL
GLASGOW

22. Mar. 1887.

Dear Sir -

I delayed replying
to your letter until I
could announce receipt
of Artocarpus purs
kind send me -

I have come here
for a few days on
University business

I have learned that
the packet of Autocarpus
has arrived at Oxford
sent on from the British
Museum. I have left
instructions as to the
safe mercantile side of the
specimen until my
return & now must
write to say that they
have reached and to

Thank you for your kindness
in sending them.

I shall care to return
Lewy's specimens to
you & the other specimens.
It is very kind of you to
allow me to retain specimens
of *M. Thomasii* species. I shall
take care that you have
full nomenclature when
I return them to you.

I have not, being here,
yet seen the specimens
but I anticipate great
advantage from their
examination & am
paleful to you for sending
them - believe me

Yours truly
Dacot Bayley Peffer

Prof. Henricus
