

Kew, Nov. 30. 76

My dear Sir

We shall be very glad of
your additional collection of
Portuguese plants.

Prof. Rivin will keep you
au courant with the nomen-
-clature. At present the
only inaccuracy he has
detected is Hederocarpus
Hispanicus which appears

to be Adenocarpus parvifolius, D.C.

With regard to translating
the Primer, Dr Hooker desires
me to say that he would
be very glad but that
the copyright of the book
belongs to the Publishers
Messrs Macmillan
to whom you must apply
for leave to translate and
who would no doubt
supply electrotypes of the
wood cuts.

I hope you will wait
 till the appearance of
 a second edition as
 there were a good many
 errors which were
 overlooked in the first

Believe me

Yours very faithfully

W. D. Thirleton Dyer

I have the honor to acknowledge the receipt of your letter of the 10th inst.

in relation to the above mentioned matter.

A check for the amount of \$100.00 is enclosed herewith.

Very respectfully,
