

BRITISH MUSEUM (NATURAL HISTORY),

CROMWELL ROAD,

LONDON: S.W.

1900 July 26.

Dear Sir,

The name Geissraspis humaloides has not been published by me; but you might ask Count Ficalho of Lisbon whether he has published it; he, perhaps, wrote the name on the tickets sent out with Welw. n. 2141 [Damapana Welwitschii (Taub.) miki in Cat. Welw. i. p. 238 (1896)].

With high esteem

Yours truly,

W. D. Hiern.

To Dr. J. A. Henriques,
Coimbra.
