I am posting off to you today the packet of
Limonium (statice) that you have so kindly lent
me; I can assure you that they have been of the
greatest help to me. I am venturing to retain
a little longer 2 or 3 examples of I trust you will
kindly allow this. Will you, please, accept the
specimens that I have enclosed in the packet?

With kind regards & renewed thanks for your
help in my work on Statice,
Lam,

Faithfully yours,
C. E. Salmon -
Pilgrims Way, Peigate, England. May 10, 1909.
