

Porto, 13 de Junho 99

Meus bons amigos

Quando encontrei eu a Phy
que não seja para o importunarem?

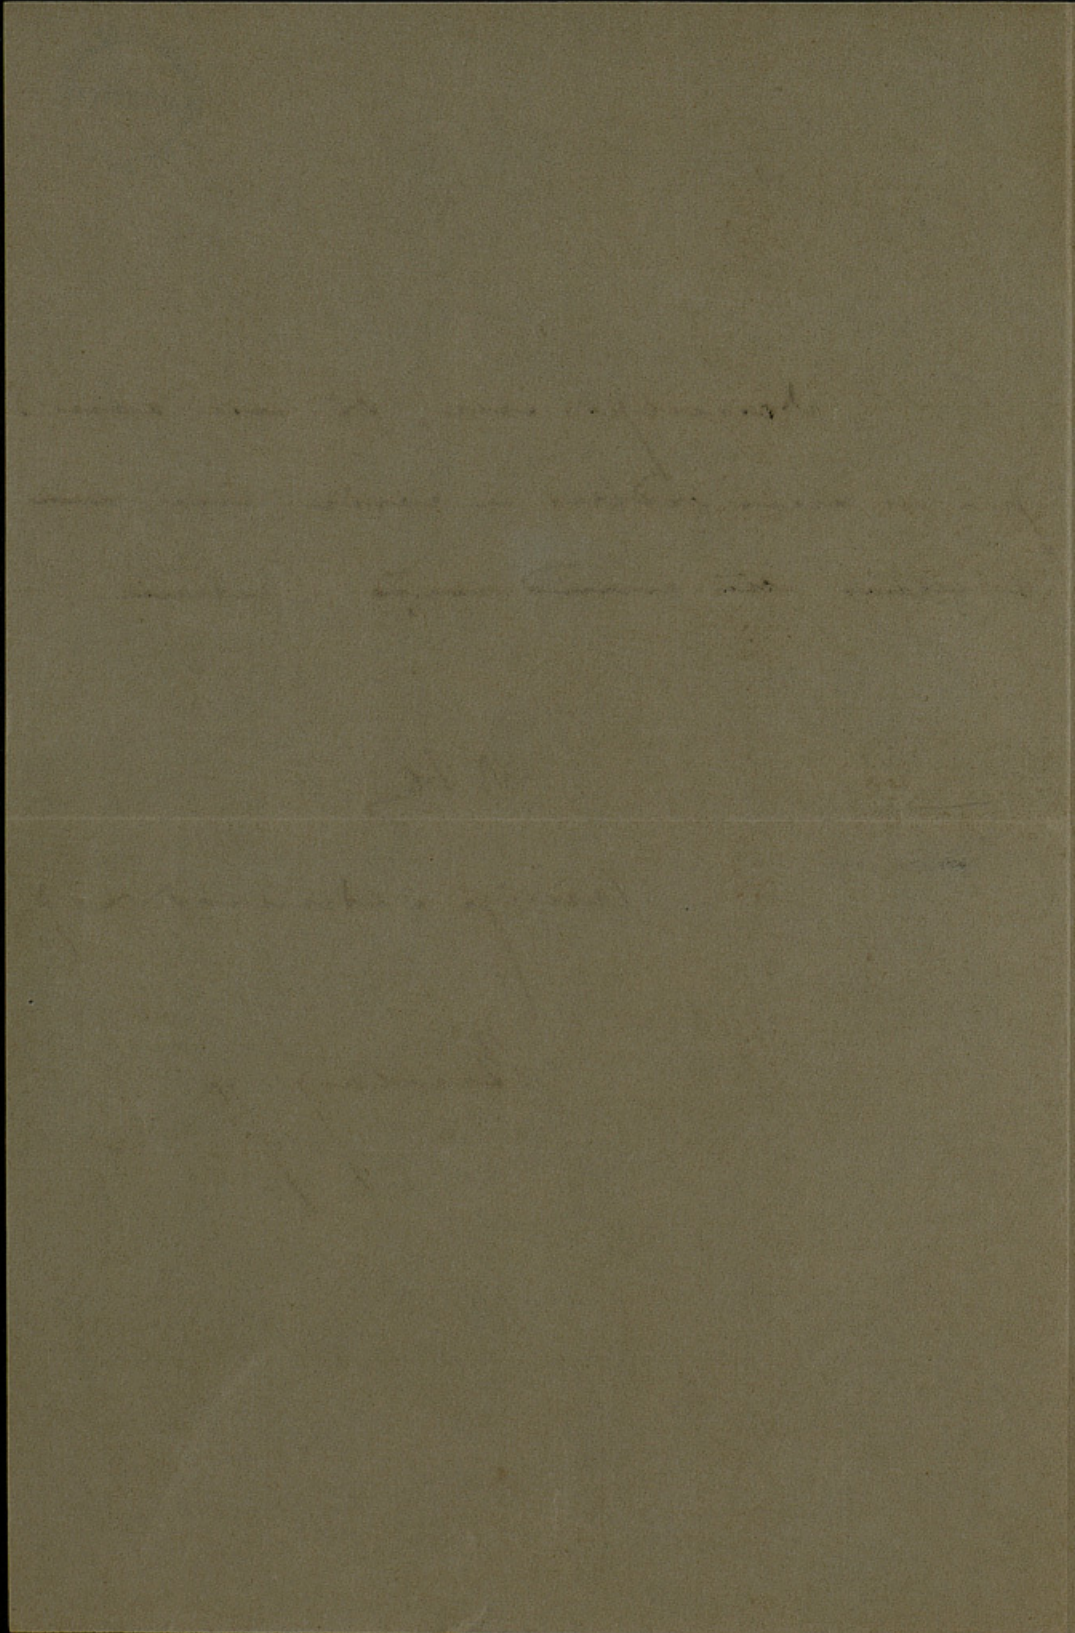

Acabo de verificar que os meus
fidejantes Botânicos fizeram uma porção
de plantas que elles desejam ter e que são
mencionadas na relação junta. Minhas
me obsequiamos Phy fornecendo-me se-
mente das que tenho e com isso pre-
taria mais uma grande escova, a Se-
ctate Normal e mais uma fita a
este seu interesse admirador. Em todo
o caso, deixo nota da quantidade que
houvermos de entregar.

Desculpe-me, Sr. em um
por as suas ordens e critic. me, com
a mais alta consideração e estima

As V. V.

Amigo e admirador

Bentley

1870

1870

The first part of the year was spent in the
 study of the history of the country and
 the progress of the various branches of
 the human mind. The second part was
 devoted to the study of the natural
 sciences and the progress of the
 human mind. The third part was
 devoted to the study of the
 human mind and the progress of
 the human mind. The fourth part
 was devoted to the study of the
 human mind and the progress of
 the human mind. The fifth part
 was devoted to the study of the
 human mind and the progress of
 the human mind. The sixth part
 was devoted to the study of the
 human mind and the progress of
 the human mind. The seventh part
 was devoted to the study of the
 human mind and the progress of
 the human mind. The eighth part
 was devoted to the study of the
 human mind and the progress of
 the human mind. The ninth part
 was devoted to the study of the
 human mind and the progress of
 the human mind. The tenth part
 was devoted to the study of the
 human mind and the progress of
 the human mind.
