UNITED STATES DEPARTMENT OF AGRICULTURE,  
BUREAU OF PLANT INDUSTRY.

P-E

FOREIGN SEED AND PLANT INTRODUCTION.

Washington, D. C., April 18, 1910.

To the Director,  
Royal Botanic Garden,  
Coimbra, Portugal.

Dear Sir:

We have just received from your Botanic Garden seeds of three varieties of Vigna and one of Phaseolus angularis. I take it that these seeds are sent in answer to my letter of January 6th, but the packets were not labeled. I appreciate very much your courtesy in supplying these seeds and thank you very much for the same.

If at any time we can supply you with desired seed from this country, it will be a pleasure to do so.

Yours very truly,

David Fairchild.

Agricultural Explorer in Charge.

Washington, D.C., April 18, 1910.

To the Director,  
Royal Botanic Garden,  
Edinburgh, Scotland.

Dear Sir:

We have just received from your Botanic  
Garden seeds of three varieties of Vigna and one of  
Phaseolus vulgaris. I take it that these seeds  
are sent in answer to my letter of January 6th, but  
the packets were not labeled. I appreciate very  
much your courtesy in supplying these seeds and  
thank you very much for the same.  
If at any time we can supply you with  
desired seed from this country, it will be a pleasure

to do so.

Yours very truly,

*James Fairbridge*

Agricultural Explorer in Charge.
